

THE IMPACT OF YOUR GIFT

For people like Sandra, who was diagnosed with HIV in 2014, housing assistance from Living Room was the first step to getting healthy. After she was fired for drug use and evicted from her home, Sandra came to Living Room to enroll in our Special Needs Housing Assistance Program. Once she was living in a supportive, stable environment, Sandra could see a doctor, face her addiction, and even confront her feelings of hopelessness. After she was healthy and sober, Sandra was rehired as a flight attendant and has since been promoted to international flights. For all our clients, Living Room's housing programs are a springboard to building the life they choose to live.

**Your support saves lives
and builds futures.**
